Dear friends,

Welcome to the world of modern design of walls! The Decowalls is a first Indian company with manufacturing in the India, specializing in the design and produce of decorative finishing materials such as 3D Plaster Panels. We offer a collection of decorative 3D wall panels for commercial, residential and public spaces : shopping malls, shops, hotels, offices, houses, cinemas, restaurants, airport lounge, and many more. We present a wide range of products with exceptional quality and original design that makes any interior so cozy, modern and luxurious. This will not only impress but also increase the price of the owner's property. Today The Decowalls is a team of professionals that works for you. The workflow of each department is perfected to the smallest detail and is aimed at establishing trusting relationships with our regular customers. We have no delays in the implementation of orders and sending products to customers. Each 3D panel is carefully checked by supervisors and packaged in a special branded packaging that provides reliable protection against impact during transportation. Manufacturing of decorative 3D panels, we use only high-quality polyurethane matrix, designed for mass production. Proper drying of finished 3D gypsum panels is ensured by placing them on professional racks, in which each gypsum panel is horizontally located in a separate cell. The company's goal for wholesale is to convince that the quality of The Decowalls is worthy of your respect at an affordable price and we are ready for partnership.

Our mission: To bring The Decowalls to Interiors around the India.

www.thedecowalls.com

ADVANTAGES OF 3D GYPSUM PANELS:

- ENVIRONMENT FRIENDLY PRODUCT.
- MODERN ARCHITECTURAL DESIGN.
- HIGHLY FIRE PROOF & WATER RESISTANT.
- ENDLESS AND SEAMLESS PATTERNS.
- INCREASED LEVEL OF RADIATION PROTECTION.
- ODOR FREE, SOUND PROOF DURABLE SAFE FOR USE

Our panels are more than a finishing material. This is a stylish, Practical and versatile material that can diversify any interior and give the space a special mood.
